

Ranchi University, Ranchi

is organising

a One-Day Workshop on

“How to Publish in a reputed Journal?”

on 19-08-2023 (Saturday)

Resource Person to enrich the session:

- **Prof. (Dr.) Sumit Narula** (10:30 am to 1:30 pm)

Dy. Dean, Research, Publication and Citation
Amity University, Gurugram

- **Prof. (Dr.) Ramesh Sharan** (02:00 pm to 5:00 pm)

Former Vice-Chancellor
Vinoba Bhave University, Hazaribag

Lunch Timing: 01:30 pm to 02:00 pm

(Lunch for All working Participants by Ranchi University, Ranchi)

**Venue: Aryabhata Auditorium, Morabadi Campus,
Ranchi University, Ranchi.**

Kindly register yourself to attend the one-day workshop by following link:

<https://forms.gle/JgzBgz2Dcpr8QtJT6>

Invitation

It is a matter of great pleasure to invite you to the national conference (multidisciplinary) on Climatic Vulnerability: Challenges to Physical Landscape and Human Response, organized by AGBJ & IQAC & the University Department of Geography, Ranchi University, Ranchi, on **November 4 & 5 , 2023** University Department of Geography, Ranchi University, Ranchi.

About Ranchi University:

Ranchi University existed on 12 July 1960 as an autonomous institution as it was carved out of erstwhile Bihar University. The university started with 10 postgraduate departments one constituent college and 20 affiliated colleges; today it has 30 post-graduate departments, 19 constituent colleges, and 47 affiliated colleges which are catering to the need of nearly 1.6 lakhs of the student with a view to making higher education accessible to a vast population of a predominantly tribal region, this university has been rendering valuable service to a big chunk of marginalized young generation since its establishment. the university is committed to academic excellence in teaching and Research, Innovation, and creativity, respect for cultural diversity, individual dignity and worth, responsible stewardship and conservation of resources, and involvement in the region's economic, social, and professional growth.

About University Dept. Of Geography:

Location- Coordinate: $23^{\circ} 34' 41''$ - $85^{\circ} 30' 95''$

Establishment: **1954**

Founder Head: **Prof (Dr) Enayat Ahmed.**

The University Department of Geography is a pioneer study center for the study of Geography in eastern India and is sharing the long-sighted list of international and scholarly faculty members since its inception in 1954 Viz. prof. Enayat Ahmed, Prof P. Pandey, Prof D.P Satpati, Prof L.C.C.N Shahdeo, and many other world-famous teachers. This department is known for research, especially in Geomorphology, Landscape and agriculture, Regional Planning and development, Cartography, Remote sensing and GIS application in Geography, and population Geography. More than 250 doctoral degree 06 D.Litt. degree awarded.

The department has a state-of-art computer lab and a surveying lab. The high quality of teaching and research is the hallmark of the Department.

About Ranchi:

Ranchi is the capital city of the Indian state of Jharkhand. It is located in the eastern part of the country and is known for its rich mineral resources, particularly coal and iron ore. Ranchi is situated on the Chota Nagpur Plateau, characterized by forest. Ranchi has a moderate climate throughout the year with pleasant weather it has many tourist spots with various temples and dams by Biodiversity Park and Falls.

Concept/About the Conference:

The focal theme of this year's national seminar is "Climatic Vulnerability: Challenges to Physical Landscape and Human Response" Climatic vulnerability has become a global challenge. Political summits at the global level have almost failed to resolve global issues related to climate vulnerability as like rise of greenhouse gases, ozone depletion, pollution, depleting biodiversity, increasing number and intensity of disastrous cyclones, global warming, sea level rise, forest depletion, terrain and landscape changes against the law of nature and so on. There has been a human response to bring sustainable development but odds coming from nature and also the human system are so strong and intense that the sustainable development targets are found in back gear and the vulnerable climate continues to remain in the alarming and disastrous situation. Sometimes the human response to face the challenge of sustainability seems to be armless and the challenge is to the human system becoming a challenge to the existence of not only mankind but to the entire biosystem. The physical landscape has its law of evolution. Climate is one of the most important determinants of the nature of the physical landscape. Vulnerable changes in climate have started to bring changes in the landscape. it has caused the emergence of new areas of flood deposits new areas of Badland topography, new areas of undulating landforms, changes like coastal, mountain, and hill landscapes, new areas under desert landscape, depressed landforms, new waterlogged areas, drying old water bodies, etc.

Human response to the environment has been a matter of time immemorable. However, earlier changes in the environment were a slow process and human response was slow but adjusting. The present situation is different. Changes particularly climate change have become vulnerable within a short span of time. Human beings have equipped themselves with the best available sustainable technology but vulnerability is high that our efforts are not very effective. Moreover, nature displays vulnerability is so high that our efforts are not very effective. Moreover, nature displays

vulnerability as a single unit but human groups are divided on key issues related to climate vulnerability and zero-level emission of CO₂ by 2050 as per the Paris accord. Only a few countries have made a commitment declaration. India has announced to achieve zero-level targets by 2070. In fact, human response needs to be started at the micro-level and the involvement of the community may bring more sustainable consequences. To have a detailed discussion on this complex issue in a 2-day seminar, the focal theme will be taken up under the following sub-themes

Sub Themes:

- Basic components of climate.
- Global pattern of climate
- Causes of changes in Climate.
- Consequences of changes in climate.
- Causes of climatic vulnerability
- Consequences of climatic vulnerability
- Physical landscape of Bihar/Jharkhand.
- Climate of Bihar/Jharkhand.
- Recent changes in the rainfall pattern of Bihar / Jharkhand.
- Cyclone in Bihar / Jharkhand and recent changes in their distributional pattern.
- Indicators of climatic vulnerability in India.
- Indicators of climatic vulnerability in Bihar /Jharkhand.
- Impact of flood and drought on the landscape of Bihar/ Jharkhand.
- Impact of deforestation, mining activities, and growth of built-up areas on Physical landscape.
- Human response for livelihood on changed physical landscape.
- Climatic vulnerability and sustainable development goals.
- Agro-climatic regionalization under the changed physical landscape.
- Agro-climatic regionalization in the climatic vulnerable situation.
- Human response to bring sustainable development at the micro-level.
- Village ecology and climatic vulnerability.
- Urban ecology and climatic vulnerability.
- Any other topic related to the focal theme, Geography & Geoscience & Environmental Science.
- Meteorology.

Objectives:

- The major objectives of the conference are the following –
- To raise consciousness about Climatic vulnerability on physical landscape

and society, and the urgent strategy and planning to mitigate its effects.

- Assessment of the contemporary issues raised by the changing climate and find out the path to recovering an Ultimate Solution.
- Find out the way of Sustainable Development.
- To discuss and develop strategies, Policies, and frameworks for addressing climate change at local, national, and international levels.
- To share the latest information and findings on climate change and to discuss the potential solution.

Research Paper Publish:

- Selected research papers will be published UGC - Care listed, Geographical Perspective, Geographical Outlook & Peer reviewed Journal.

Registration Fee:

Category	Up to 25 September 2023		After 25 September or On Spot Registration	
	For the Convener	For Secretariat	For the convenor	For the Secretariat
Teachers and Paid Scholars	Rs. 1500	Rs. 200	Rs. 2000	Rs. 200

- Dr. Anita Sinha: Dept. of Geography, Maulana Azad College, Ranchi.
- Sri Animesh Roy: St. Xavier's College, Ranchi.
- Dr. Debjani Roy: Dept. of Geography, Nirmala College, Ranchi.
- Dr. Shashi Kanta Toppo: Dept. of Geography, RWC, Ranchi.
- Dr. Surbhi Sahu: Dept. of Geography, RWC, Ranchi.
- Dr. Smita Linda: Dept. of Geography, RWC, Ranchi.
- Dr. Harsimrat Kaur: Dept. of Geography, RWC Ranchi.
- Dr. Supriya: Dept. of Geography, Doranda College.
- Mrs. Akancha Singh: Dept. of Geography, SSM College, Ranchi.
- Rakesh Kumar: Dept. of Geography, Doranda College, Ranchi.
- Dr. Subodh Kumar: Dept. of Geography, RLSY College, Ranchi.
- Dr. Jagadish Kumar Mahto: Dept. of Geography, J.N College, Dhruwa.
- Sri. Prem Shankar Tiwari: University Dept. of Geography, RU.
- Dr. Arun Kumar: University Dept. of Geography, RU.
- Smita Kumari: University Dept. of Geography, RU.
- Sri Kant Kumar: Dept. of Geography, KCB College.
- Ravi Kumar: Dept. of Geography, Doranda College.

Advisory Committee:

- Prof (Dr.) V.C Jha: Head & Dean, Science Faculty, Viswa Bharati University, Shantiniketan, Director NATMO, Former Vice-Chancellor-

TMU. Ex-President of INCA.

- Prof (Dr.) Anuradha Banerjee: Head, Centre for the Study of Regional Development, School of Social Sciences, JNU, Delhi.
- Prof (Dr.) RBP Singh: Head & Dean Dept. of Geography, Patna University, Patna, and former Vice-Chancellor Patna University, Patna, and Nalanda University, Patna, Chief Editor.
- Prof (Dr.) P.C Tiwari: Former Prof Head Dept of Geography, University of Madras, Chennai.
- Prof (Dr.) N.C Jana: Head & Dean, Faculty of Social Science, Dept. of Geography, Burdwan University, W.B.
- Dr. Madhumita Das Gupta: Dean, Faculty of Social Sciences, R.U.
- Dr. Sujay Srivastava (IFS): Principal Chief Conservator of Forest, Jharkhand
- Prof. Arvind Muli: Head, Dept. of Environmental Science and Engineering Indian Institute of Technology (Indian School of Mines, Dhanbad)
- Prof. (Dr.) S.K. Sharma, Past President AGBJ & Pro. VC RCC Univ.
- Dr. Jitendra Shukla: University Dept. of Geography, RU, Ranchi.
- Prof. (Dr.) G.S. Jha: Expert Advisor, IQAC, Ranchi.
- Dr. Smiriti Singh, OSD, V.C. R.U.

Highlights of the Conference:

- Eminent Speakers:
- Lecture by Eminent Speaker
- Awards: Best Oral/ Poster Presentation.
- Interactive Session and Interactive Panel Discussion Session
- Selected research papers will be published UGC - Care listed, Geographical Perspective, Geographical Outlook, Peer reviewed & Others Reputed Journal.

PROF. R. GAUNTIA YOUNG GEOGRAPHER'S AWARD

The scheme of awarding young geographers has been introduced in order to encourage research in various fields of geography. The young geographers are advised to present papers in the conference on contemporary geographical problems. A cash award of Rs. 3000/- is given every year at the time of Annual Conference to the participant, whose paper is adjudged the best by the expert committee, constituted by the executive committee of AGBJ. The cash award for the second best paper is Rs. 1500/-. This award is limited to the participants below 35 years of age on the 31st March, 2023. Five authors will be asked to present their papers in a special session before the delegates of the annual conference. Online presentation will not be allowed.

The research papers for the award must be sent to the General Secretary, AGBJ, Department of Geography, Patna University, Patna or email :

agbj2003@gmail.com by the **25th September, 2023 along with the attested copy of age proof.** The first awarded paper will be published in the Journal of the Association; i.e., GEOGRAPHICAL PERSPECTIVE, 2023.

DR. VIDYA SAGAR YADAV EMERGING GEOGRAPHER'S AWARD

This award will be given to such geographer who will fulfil the following conditions:

- a) His or her age shall not be above 45 years on March 31, 2023.
- b) He/she must be a Post-graduate degree holder in geography or allied subject.
- c) He/she shall be Life Member/Annual Member of the AGBJ.
- d) The Association will invite abstract paper (maximum 500 words) from the willing geographers on a particular theme selected by the Executive Committee. The Committee will scrutinise the research paper/abstract paper and select a maximum of five papers for presentation in the annual conference of the AGBJ.
- e) Abstract of the theme must be sent on the email address of the Association (agbj2003@gmail.com) by 25 September, 2023. No other means of communication is acceptable in this regard.
- f) All selected presenters have to remain present at the venue of the Annual Conference for presentation before the conference delegates. Online presentation will not be allowed.
- g) Three member jury appointed by the Executive Committee will finally select the winner and the second winner of the award.
- h) The winner will get a certificate along with an amount of Rs. 5000/- The second winner will be given an amount of Rs. 2500/- and a certificate.
- i) This year's theme is "Problems and Prospects of Coarse Grains in the Food System of the World". "विश्व के खाद्य तंत्र में मोटे अनाजों की समस्याएँ एवं संभावनाएँ"

Eminent Speakers:

- Prof. (Dr) V.C Jha: Former VC- TMU, Ex-President of INCA & Former Director NATMO, India.
- Prof. R.B.P Singh (Former VC- Patna Univ. and Nalanda , Open University Bihar and Education advisor Bihar Govt.
- Prof (Dr.) N.C Jana (Former Head of geography, ex vice president, NAGI, Steering committee member, IGU Commission on research method in Geography.
- Dr. Pradeep Kumar, IFS, Former PCCF, Govt. of Jharkhand.

Invitation:

It is a matter of great pleasure to invite you to National Conference (Multidisciplinary) & Symposium on Climate Change : Challenges and Opportunities organised by IQAC & University Department of Zoology, Ranchi University on 25th to 28th May 2023 at University Department of Zoology, Morabadi, Ranchi.

About Ranchi University :

Ranchi University came into existence on 12th of July 1960 as an autonomous institution as it was carved out of erstwhile Bihar University. The University started with ten Postgraduate Departments, one Constituent College and 20 affiliated Colleges; today, it has 30 Postgraduate Departments, 19 Constituent Colleges and 47 affiliated Colleges which are catering to the needs of nearly 1.6 lacs of students. With a view to make Higher Education accessible to a vast population of a predominant tribal region, this University has been rendering valuable services to a big chunk of marginalized young generation since its establishment. The University is committed to academic excellence in teaching and research, innovation and creativity, respect for cultural diversity, individual dignity and worth, responsible stewardship and conservation of resources, leadership and involvement in the economics, social and professional growth of the region and the nation.

About University Department of Zoology :

University Department of Zoology was established in the year 1955, with Prof. K C Bose as Head of the Department. With more than 6 decades of its glorious existence as an ideal centre for teaching and research in Zoology, it has carved out a niche for itself in India. Approximately 270 scholars have been awarded doctorate degree of Ranchi University under the guidance of faculty members and more than 1600 research papers have been published by them. The department has the distinction of carrying out pioneering research in the field of fish endocrinology, ecology, environmental sciences, helminthology, human genetics, ethno-medical zoology and wildlife management.

About Ranchi

Ranchi is the capital city of the Indian state of Jharkhand. It is located in the eastern part of the country and is known for its rich mineral resources, particularly coal and iron ore. Ranchi is situated on the Chotal Nagpur Plateau, which is characterized by hills and forests. Ranchi has a moderate climate throughout the year, with pleasant weather. It has got many tourist spots with various temples, dams, biodiversity park and falls.

Concept / About The Conference :

Climate change refers to long-term shifts in temperatures and weather patterns. These shifts may be natural, such as through variations in the solar cycle. But since the 1800s, human activities have been the main driver of climate change, primarily due to burning fossil fuels like coal, oil and gas.

"It has been clear for decades that the Earth's climate is changing, and the role of human influence on the climate system is undisputed."

– Masson-Delmotte

"Climate change is already affecting every region on Earth, in multiple ways. The changes we experience will increase with additional warming."

– IPCC Working Group I Co-Chair Panmao Zhai

Climate change poses a significant threat to communities and businesses globally. Rising temperatures, sea levels, and natural disasters are already profoundly impacting our economies, societies, and the environment. To mitigate these effects, it is essential that we collaborate and work towards building resilience and ensuring a sustainable future.

The Climate Change : Challenges and opportunities Conference is a gathering of experts, practitioners, policymakers, and stakeholders aimed at fostering the exchange of ideas, sharing successful strategies, and exploring the challenges and opportunities for strengthening resilience in the face of climate change. The conference will provide a valuable opportunity for attendees to network, learn from each other, and gain new insights into the challenges and opportunities of building resilience in the face of climate change. It will be a platform for exchanging ideas, sharing experiences, and fostering collaboration between key stakeholders in this critical area.

Objectives:

The major objectives of the conference are the following:

- To raise awareness about the impacts of climate change, and the urgent need for action to mitigate its effects.
- To share latest information and findings on climate change, and to discuss the potential solutions.
- To serve as a catalyst for action on climate change, inspiring individuals, organizations, and governments to take concrete steps.
- To discuss and develop strategies, policies, and frameworks for addressing climate change at local, national, and international levels.

About Presentation and Awards

Poster Presentation: The dimensions of the poster should be 4 feet wide and 3 feet height. There will be Best Poster award.

Oral Presentation: Best abstracts will be considered for oral presentation. The time limit for oral presentation will be 8 min. Three best papers will be awarded.

Focal Theme :

Climate Change : Challenges and Opportunities

Sub Themes :

- ❖ Ecosystem and Climate Action
- ❖ Climate change mitigation and adaptation
- ❖ Cooperative activities and SDGs
- ❖ Environmental Pollution and waste management
- ❖ Environmental Chemistry and Toxicology
- ❖ Carbon Sequestration, Bioremediation and nanotechnology
- ❖ Environmental Microbiology and Biotechnology
- ❖ Environmental Geography
- ❖ GIS and Natural Disaster
- ❖ Environmental health and hygiene
- ❖ Climate justice: Socioeconomic and Psychological Climate Change impact
- ❖ Climate Change: Water and Food security
- ❖ Renewable Energy and its Applications
- ❖ Recent Advancements in Science, Education & Research
- ❖ Indigenous culture towards sustainable ecosystem
- ❖ Aquatic and Terrestrial Ecology
- ❖ Biodiversity, Conservation and Management
- ❖ Natural Hazards and Disaster Management
- ❖ Solid, Hazardous and Plastic Waste Management
- ❖ Sustainable Aquaculture
- ❖ Integrated Pest Management
- ❖ Animal Ecology and Physiology

Registration Fee

Academician and Delegates	Rs 1500/-
Research Scholars	Rs 1000/-
PG students	Rs 700 /-
Foreign Delegates	\$ 50
